Team Wench, Inc. is a Renaissance-themed volunteer organization which believes that a small group of individuals can make a difference by pooling their talents and resources. We work both individually and collectively to raise donations for and volunteer time to established not-for-profit charities which promote research or provide support to make people's lives healthier and safer.

What is Team Wench?

Team Wench was started in 2000 when groups of Maryland Renaissance Festival enthusiasts (many of whom are International Wenches Guild members) decided to form teams to walk for Breast Cancer and Multiple Sclerosis. The 2001 MS Walk in Annapolis, MD was the first event completed by the Team and the 2001 Capital Area Avon 3-day Walk for Breast Cancer was the second event.

The Team has now grown to include both men and women. Inspired by the enthusiasm behind the first two events the Team has held clothing drives for shelters, sewing bees to make cancer turbans and pillows, food drives, and fundraising sales for a variety of causes. Team members have participated in the Relay for Life and other 1, 2, and 3-day walks for Suicide Prevention, Breast Cancer, Colon Cancer, DC Help the Homeless, and Multiple Sclerosis.

The 2002 Privateer Feast was the Team's first major fundraiser. That Feast raised nearly \$3,400 and sponsored several Team members for the Avon 3-Day Walk. The Privateer Feast has become an annual event to help Team Wench members meet their fundraising goals for a variety of breast cancer walks. This event is extremely popular and has sold out every year.

As several members of the Team have MS, Multiple Sclerosis was the obvious focus when the Team decided to add a second fundraising feast to their annual schedule. In 2004 the Team added the MS Fantasy Ball. The Ball raised nearly \$4,600 that year and sponsored three participants in the NMSS Chesapeake Challenge 3-Day Walk.

Team Wench, Inc. is a 501(c)3 non-profit all-volunteer organization, and its members receive no income from their work. Team Wench and its members have donated more than \$175,000 to charity since its inception.
